# Help build the first public access all-weather pitch in Chiltern District

Building  
for our  
Community

## Chiltern Hills 3G

Chiltern Hills Academy, Chartridge Lane, Chesham

## Be part of our community

For the first time in Chiltern District we will have a full size community all-weather synthetic turf pitch. It plays like natural grass, floodlit with all the equipment needed for team sports, training and matches, available all year round in all weathers.

Chiltern Hills 3G is available for schools in school hours, for clubs, teams and players in the evenings, at weekends and school holidays.

## Top quality pitch

This is state-of-the-art artificial grass, plastic blades of grass just like the real thing. To help the ball bounce and roll like grass, the surface is dressed in rubber crumbs and like a carpet there is an underlay or shock pad.

## The Story so far

We have received major funding from our national sports bodies but naturally they want to see a local contribution to show our commitment to this brilliant new facility.

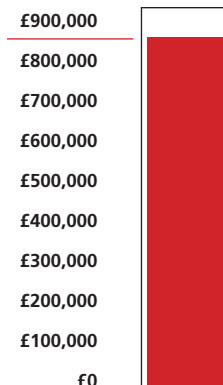

We have a funding gap to close and need to raise **£50,000** in 2019. We need your help. Be part of the 1st community all-weather pitch in Chiltern District.  
**We are so close, please help us get over the line.**

There is a JustGiving site:

**[www.justgiving.com/campaign/cha3g](http://www.justgiving.com/campaign/cha3g)**

Or you might like to personally sponsor squares of the artificial turf and have your name included on our name board or become a corporate patron with your business name and logo displayed in a range of options associated with this fantastic facility.

Almost  
there.....  
just  
**£50,000**  
to finish

## How you can help...

All sponsors will receive a certificate and your name or family's name will be included on a permanent board displayed at the entrance of the pitch showing who has donated.

## For as little as £25 you can be a Personal Sponsor

### **Emerald £25+**

- 1 square metre

### **Sapphire £50+**

- 5 square metres

### **Diamond £100+**

- 10 square metres
