The CHA Way

Using Mini Whiteboards

Student Training

April 2026

The CHA Way

Why do we use Mini Whiteboards?

Mini whiteboards let everyone show their thinking at the same time, so your teacher can quickly see who understands and who needs help.

Mini white boards makes your thinking visible, so the teacher can give faster feedback and adjust the lesson to support you.

Mini whiteboards encourage you to stay engaged and think actively, rather than just listening or copying.

The CHA Way

Why are we introducing a mini whiteboards routine?

Having a clear school routine means everyone knows exactly how to use mini whiteboards quickly and consistently, so more time is spent learning and less time on instructions.

Using Mini Whiteboards

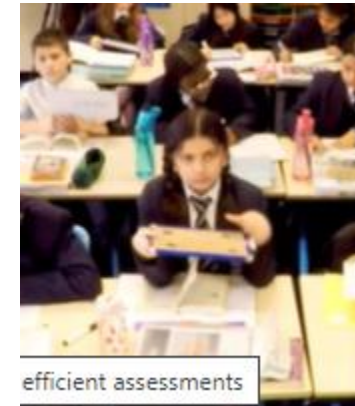

Write

**Hover
Show**

1. Whiteboards, pens and rubbers will be passed along your row/around your table
2. You wait for your teacher to ask you a question
3. You write when your teacher says "go"
4. When you have finished, you hover your board
5. When your teacher says "show", you hold your white board facing the teacher with the top of the board at the same height as your chin

The CHA Way

Using Mini Whiteboards

Whiteboards, pens and rubbers will be passed along your row/around your table

You wait for your teacher to ask you a question

You write when your teacher says "go"

When you have finished, you hover your board

When your teacher says "show", you hold your white board facing the teacher with the top of the board at the same height as your chin

Start the video at 1min 40- 2min 40
