Create, Aspire and Excel  
to 'Live life in all its fullness' (John 10:10)

## Message from the Principal

Welcome to this week's edition of our newsletter.

### Social Media/Mobile phones

I wrote to all parents a week ago regarding the recent misuse of social media directed at some of our staff. As you are perhaps aware, the national media has covered this story and many schools across the county have been dealing with similar situations.

I am sure that you can appreciate that staff, as a result, feel particularly vulnerable and anxious over what is likely to be just one or two students who are acting illegally and without compassion. In a brief full assembly on Teams on Wednesday morning, I thanked students for their words of support and co-operation in this matter.

However, the next TikTok 'challenge' from mis-guided individuals on social media has encouraged students to use their phone in school. We have reminded students that they may use their phones, if they have one, first thing in the morning in the main atrium. When the bell rings for the start of the day, they must turn it off/onto silent and to not use this during the school day. At the end of the day, as they go home, they may view this device as they reach the main atrium.

Students have all been reminded that their phone will be confiscated and placed in the school safe for a parent to collect if they are seen using it during the school day. The exception being when a teacher has invited them to use it or a student asks to use it, for example, some have sensibly taken a picture of their timetable or to use it constructively in a lesson.

We do hope that applying this existing policy consistently across the school will reduce the temptation for a student to use their phone inappropriately, knowing that it might be removed and will have to wait for it to be collected. Thank you for your support in this matter. I know that you will also speak to your child/ren to reinforce the above.

## Building Update

Each week sees further progress with the building expansion and refurbishment. In the coming days, the steel work for the A block extension will be erected. The contractor then, in a few weeks' time, will take over more of the rooms in F block to refit these as changing rooms and office spaces. The exterior of the new E block is looking much better with the scaffolding now removed. We were spoilt earlier this week with a double rainbow in a perfect position.

## Y11 Parents' Evening

Please do ensure you have logged into SchoolCloud to book your teacher appointments for this important meeting. If assistance is needed, please do email Mr Dobbs (tdobbs@@chacademy.co.uk) as Mr Sweet is sadly unwell at the moment.

## Covid Update

At the time of writing, we have just under twenty students currently self-isolating. Thank you to all in the community for wearing your masks in the communal areas of the school, for washing hands regularly and keeping a social distance where possible. Ventilation of buildings is key to us keeping the virus rate low and it appears to be working.

We have had a number of staff suffering quite badly with the after-effects of the virus. We do wish them well and look forward to them returning to the school. Likewise, in talking to students who have been off school, many are lacking energy or are still waiting for their sense of taste and smell to return. We wish you a full recovery.

## Dates for the Diary

Date	Event	Email address
18 November	Y11 Parents' Evening via SchoolCloud, 4.00 to 7.00pm	tdobbs@chacademy.co.uk
19 November	Children in Need (Non uniform day)	lharman@chacademy.co.uk
22 November	Y11 Dance Practical examinations all day	jcollins1@chacademy.co.uk
24 November	Y9 to Y13 trip to Aylesbury Theatre to see <i>The Play that Goes Wrong</i> , 6.00 to 11.00pm	pleathers@chacademy.co.uk
25 November	Sixth Form Options Evening, 6.30 to 8.00pm	lharman@chacademy.co.uk
29 November to 10 December	Y11 and Y13 Mock Examinations	tdell@chacademy.co.uk
30 November	CHAPTA meeting, 7.00 to 8.00pm	chapta@chacademy.co.uk
2 December	Service for parents, staff and students 3.45 to 4.10pm, refreshments available in atrium from 3.30pm	wsanders@chacademy.co.uk
3 December	Y13 UCAS deadline	lharman@chacademy.co.uk
9 December	Y12/Y13 Parents' Evening via SchoolCloud, 4.00 to 7.00pm	lharman@chacademy.co.uk
10 December	Christmas Jumper day (Save the Children)	lharman@chacademy.co.uk
13/14 December	Y10 Pantomime performance for Primary schools (hall), 9.00 to 11.00am	smithell@chacademy.co.uk
16 December	Christmas Concert at St Mary's Church, 6.30 to 7.30pm	gupton@chacademy.co.uk
17 December	Last day of Autumn term (2), school closes at 1.00pm	

## Safeguarding

The following link provides useful information from the NSPCC about healthy sexual development of children and young people:

<https://learning.nspcc.org.uk/child-health-development/healthy-sexual-development-children-young-people>

## Christmas Dinner for students

We are pleased to advise you that Caterlink will be offering a traditional Christmas dinner for our students. Choices will be available to view on ParentPay and include a vegetarian option. The cost of the Christmas dinner is £2.50 per student, payable via ParentPay. Please note that this is a separate payment item. Christmas dinner cannot be purchased through the normal Dinner Money item on ParentPay, so please ensure you select the correct option. When paying, please comment in the 'Notes' box whether your child would like a 'Turkey' or 'Vegetarian' main meal; food will be ordered specifically for them. Please also use the Notes box to state any allergies. Please state None if this is the case. Students in receipt of free school meals who would like the Christmas dinner will receive an email from the school with a link to the menu selection.

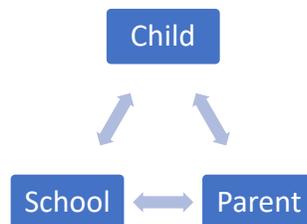

If your child has dinner from the 'Grab & Go' counter on these days and not the Christmas dinner, then food can be purchased in the normal way with funds coming from the Dinner Money payment item on ParentPay. Please ensure that your child's account is topped up in the normal way. For those in receipt of free school meals who do not reserve a Christmas dinner, a meal deal lunch will be available at the Grab & Go counter. Party hats and squash will be available on each table for students having Christmas dinner. The closing date on ParentPay is **Sunday 28 November**. No orders will be taken after this time.

Christmas dinners will be served during the week commencing 6 December 2021. As soon as we know the demand for Christmas dinner we will confirm the days each year group will be participating.

## Learning and Teaching

### Supporting Your Child's Learning in Year 7 and 8

This week's focus is on Supporting Your Child with Homework, and the curriculum focus is Science.

One of the biggest challenges your child may experience when starting secondary school is the need to work more independently than they did at primary school. However, your interest, support and input are just as important in secondary school as it was when your child was at primary school and will help your child succeed.

Do look for opportunities to talk to your child about school work – you may need to persevere to get your child to discuss their schoolwork, but they will soon get used to you asking. Try and find topics that interest both of you, so it is more of a conversation than an interrogation when you discuss homework. Ask your child if there is anything you can do to help with homework.

Homework is recorded on Show My Homework by the subject teacher and we encourage students to use their school planners to record what the task is and when it needs to be completed. If your child has several pieces of work due on the same day, suggest that they space the work out rather than leaving it all to the night before.

**Top Tips:**

- Where possible, make sure your child has a quiet place to work without the distraction of mobile devices
- Having a desk or a table will also help your child – try to avoid letting them do their homework on or in bed
- Encourage a set time to settle down and do homework – perhaps after getting home and having a snack and a drink
- If your child finds the homework difficult, do encourage them to speak to their teacher before the homework is due
- If you are concerned about your child's homework for any subject, please contact their subject teacher or their Academic Form Tutor

When contacting a member of staff about your child, would you please include the following information:

- Your child's full name
- The name of the teacher who teaches your child if you are not contacting the subject teacher
- If your child is in a set, please include your child's set (this tends to be for English, Maths and Science)

Mrs S Keith ([skeith@chacademy.co.uk](mailto:skeith@chacademy.co.uk))

Second in Dept/KS3 Lead – Maths

Learning and Teaching Lead Practitioner

**Curriculum Focus – Science****Year 7**

Your child will be completing their Science assessment this week for the first progress check. The assessment will be based on the work they have covered since their start in September. The topics, with BBC Bitesize links to help with revision, have been posted on SMHW. In addition, students have had a revision day during which they were introduced to some techniques to help them prepare for their assessments. Their Science teachers will also be revising topics with them prior to the students completing the assessment.

**Years 7 and 8**

It is important to make connections between what is being learnt in the classroom and the real world around us. This helps to deepen understanding and develop an appreciation for learning. You can get involved easily by having conversations with your child about what is happening around them. Do not worry about knowing the answers, just having a conversation will be helpful in developing ideas and helping your child to recall what they have learnt in school. For example, you can ask your child some of the following questions:

Why does a puddle evaporate?

How does the water in the kettle change when it is switched on?

Why should we eat different kinds of foods?

What happens when you go for a run?

Why do we use different materials for different uses?

Feel free to contact [gchahal@chacademy.co.uk](mailto:gchahal@chacademy.co.uk) if you have any questions or wish for further information regarding supporting your child with science.

## Trips and Visits

On Wednesday 17 November, Sixth Form students went to the NFTS (National Film and Television School Beaconsfield) as part of their coursework. They participated in 3 workshops including: Product Design, Model Making and a workshop with Peter Dale, Head of Directing Documentary. Students also had a tour around the school by current students. This trip was run and organised by Mrs Mellish, Curriculum Leader for Media.

On Monday 22 November, some Y8 students will be visiting Sommerville College (Part of Oxford University). The trip is to raise aspirations and to give them a taste of what universities can offer as part of students' further education. This trip is led by Mr Falcon, Academic Year Leader for Y8. [sfalcon@chacademy.co.uk](mailto:sfalcon@chacademy.co.uk)

On Wednesday 24 November, Y11 Drama students will be attending Aylesbury Waterside Theatre to see 'The Play That Goes Wrong'. This trip is vital for Year 11 GCSE Drama students, as Section B of their exam will be based on this performance. Students will be returning to school at approximately 11.00pm. Please ensure your son/daughter has enough charge on their phone to call you to give you a more accurate arrival time at school. This trip is led by Ms Leathers, Curriculum Lead for Drama: [pleathers@chacademy.co.uk](mailto:pleathers@chacademy.co.uk)

## Options

Y8 will soon be choosing their Options for GCSE/BTEC study in Y9. The process starts in January and concludes early in April. We will ensure that parents get a timeline of key dates to support their son/daughter through this process. We will be putting on an additional evening session, where we will explain the process and the Options available to students so that parents and students are well informed. The date of this will be confirmed shortly.

## Extra Curricular

Hopefully you have had a chance to see the extra-curricular booklet on the website. If you have not, please have a look at what is on offer. The booklet can be found under News/Latest News where you will see a link to the booklet. As explained in my newsletter item last week, we are happy to hear suggestions from students of what types of clubs they wish to see and ensure we update the booklet on a termly basis. Please email Mr Upton with any ideas: [gupton@chacademy.co.uk](mailto:gupton@chacademy.co.uk)

Mr A Griffiths  
Vice Principal

## Enrichment

Enrichment for Year 7 runs various activities to contribute enormously to students' excellent personal development. The popular range of enrichment and extra-curricular activities effectively extends the curriculum. This allows all students a chance to sample a very broad range of experiences, in readiness for the next stage of their learning. All students in Year 7 have already completed a half-term of activities and are now participating in their second choice. The Spring term choices will be released soon for students to select during form time.

### Roller Skate Donation Request

One of the popular enrichment options is roller skating. Often most students want to try this activity but are put off by lack of equipment. We are looking at ways to overcome this barrier and offer this activity to many more students. May we please encourage parents to go into the sheds/loft/garage and dig out their old unwanted roller skates. If they are in a useable condition and are safe, please simply drop them off at school reception. We can then offer these to those who will benefit.

Mr R Vaddiraju  
Assistant Vice Principal

## Food Technology

In the last two weeks, Food student have been busy developing their cooking skills. KS3 classes have perfected their knife skills and learnt how to make healthy snacks. KS4 have made a variety of dishes as you can see here.

Healthy Potato Wedges and home-made Mayonnaise.

Samosas made by Year 10 students

Dippy divers made to teach KS3 how to create their own healthy snacks.

Mrs S Kimani  
CurriculumLeader Food Prep and Nutrition

## Mathematics

Students must have the correct mathematical equipment in school for every lesson. As such, could we please ask that you check that your child/children do have the proper mathematical equipment as listed below:

- pens (black or blue and one other colour for marking work)
- pencils
- pencil sharpener
- rubber
- ruler
- protractor
- pair of compasses
- glue stick
- Casio Scientific Calculator fx-85GT series – this is for all year groups.

We expect students to have a Casio FX83GTX scientific calculator, as when we teach calculator skills, we can tell students exactly where each button is to carry out the appropriate functions.

You can buy this calculator from most supermarkets, stationery shops and online. This calculator is the only one your child needs and, if looked after, will last from Year 7 to Year 11.

We do not allow students to use calculator apps on their mobile phones in class. Please do contact Mrs Keith if you are having any issues with purchasing a scientific calculator. This equipment should be kept in a pencil case and not in blazer pockets.

### Questions or Queries

If you have any questions or queries regarding the teaching and learning of mathematics at CHA, please contact the following members of staff:

KS3 (Years 7 and 8): Mrs Keith at [skeith@chacademy.co.uk](mailto:skeith@chacademy.co.uk)

KS4 (Years 9 to 11) and KS5 (Years 12 and 13): Mr Raju at [rvaddiraju@chacademy.co.uk](mailto:rvaddiraju@chacademy.co.uk)

## Physical Education

On Tuesday 16 November, the Year 10 boys played Dr Challoners, even though they played a great game, unfortunately they lost 3-0.

Year 7 and 8 girls played netball against St Mary's and both teams played fantastically. The Year 7s played their second game and all players had such fun playing against a new team. The Year 8s were fantastically competitive and they drew their game which was well deserved.

### **Upcoming PE Fixtures**

Thursday 18 November	Year 7 Girls' Netball vs Dr Challoners [A]
Monday 22 November	Year 8 Girls' Netball vs Dr Challoners [H]
Wednesday 24 November	Sixth Form Boys' Football vs Waddeson [A]
Thursday 2 December	Year 9 Girls' Netball vs St Mary's [H]
Thursday 9 December	Year 7 and 8 Girls' Netball vs Beaconsfield [A]
Monday 13 December	Year 10 and 11 Girls' Netball vs Chesham Grammar [A]
Wednesday 15 December	Year 9 Girls' Netball vs Holmer Green [A]

### **PE Extra-Curricular**

Monday	All Boys' Football and Year 9/10/11 Girls' Netball
Wednesday	Year 7/8 Girls' Netball
Thursday	Year 10/11 Girls' Football

There will be no Year 9/10/11 Girls' Netball Training on the following dates: Monday 22 November, Monday 6, 13 and 20 December.

There will be no Year 7/8 Girls' Netball Training on the following dates: Wednesday 15 and 22 December.

### **PE Lesson Notices**

Majority of lessons are now outside. Therefore, please ensure your child brings appropriate layering in order to keep warm. Ideas of how to do this are as follows:

- Feet    Extra pair of socks/thick socks
- Legs    CHA leggings then wear plain black jogging bottoms on top
- Top    Plain black long sleeved top to go under the CHA T-shirt. CHA jumper to be placed over the T-shirt.
- Hands    Gloves can only be worn if your child is doing football as their sport.

If your child is doing football as their sport this half term, please ensure they bring in their football boots. Also shin pads are highly recommended.

If you have any issues or questions, please do not hesitate to contact me at [cpassmore@chacademy.co.uk](mailto:cpassmore@chacademy.co.uk)

Miss C Passmore  
Curriculum Leader for PE

## **Sixth Form Corner**

Year 13 are still busy completing personal statements and UCAS applications with the guidance from their academic form tutors and myself. A reminder that all personal statements and internal UCAS applications must be ready and submitted by the Christmas break.

To support Year 13 studies and bridge any gaps in their knowledge and understanding, all Year 13 students are expected to go into any Year 12 lessons when their timetable allows. Students already doing this have found the revision content very useful.

Year 12 are currently completing their first assessment week in their subject areas. I am looking forward to seeing how well they have settled into their subject areas and the progress that they are already making through their hard work. Year 13 should now be preparing for their mock examinations, week beginning Monday 29 November.

We held our Sixth Form promotional assembly on Tuesday 9 November for the Year 11 students. Many of our Year 12 and Year 13 students were present to speak to the Year 11s about their subjects and what Sixth Form is like. Their help and support is invaluable and really appreciated. Alongside this, we have been hosting breakfasts for Year 11 and Year 12/13 forms in the Sixth Form area.

Thirty-six Year 12 and Year 13 students attended the First Aid course on Friday 12 November, led by TutorCare. An invaluable and very important life skill.

We have our Sixth Form Open Evening on Thursday 25 November. Sixth Form students are requested to support this event, attending one of the two sessions 6.30pm–7.10pm or 7.15pm–8.00pm. A big thank you to Isaiah Jones, Jemima Bacon and Grace Adam who have written and delivered their speeches for the evening’s presentation.

### Dates to remember this term

Children in Need, non-school uniform day  
Sixth Form Open Evening  
Year 13 Mock Examinations  
Internal UCAS application deadline  
Year 12 and Year 13 Progress Check 1 sent to parents  
Year 12 and 13 Parents’ Evening  
Save the Children Christmas Jumper Day

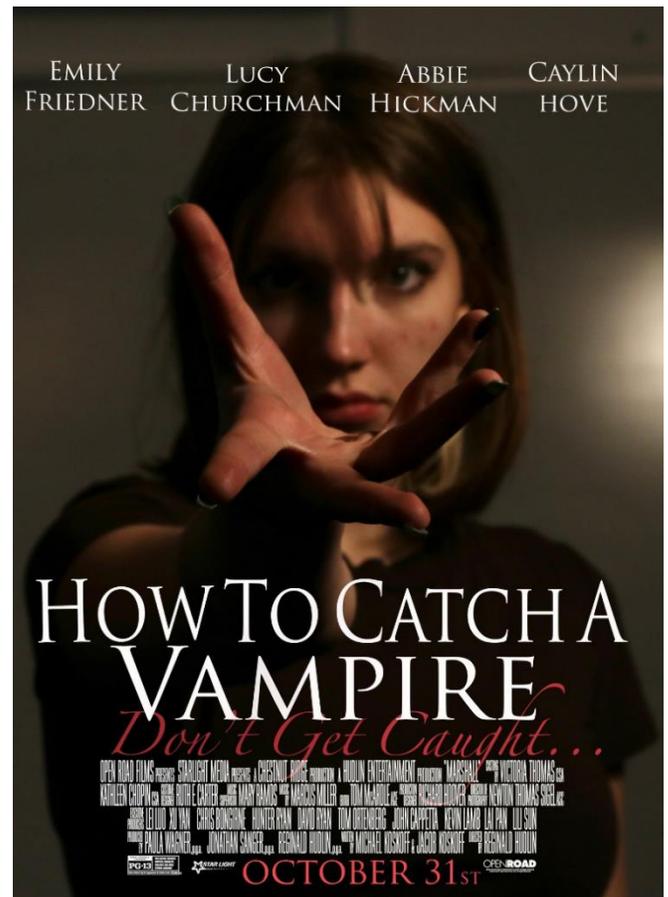

Friday 19 November  
Thursday 25 November, 6.30 to 7.10pm or 7.15 to 8.00pm  
w/c Monday 29 November  
Friday 3 December  
Thursday 9 December  
Thursday 9 December  
Friday 10 December

Miss L Harman  
Director of Sixth Form

## Media

A one-hour workshop in lighting and photography led to these excellent film posters that were created in Photoshop. This was to embed our learning of 1960’s horror posters that the students have been studying.

Mrs E Mellish  
Curriculum Leader for Media

Chiltern Karate have 4 venues across Bucks - Amersham, Aylesbury, Chesham and Holmer Green. The Chesham club trains weekly on a Tuesday evening at 8pm at Chiltern Hills Academy and we encourage students to join from the age of 7-70+. There are no club joining fees and we allow people to pay as they train with no monthly payments. The beginner fee costs £20 for a junior under 16 and £25 for an adult which gives them 6 lessons each - effectively giving 6 lessons for the price of 5. After the introductory lessons training continues at £4 for a junior and £5 for an adult and we also offer a small family discount where possible.

If you would like to give it a go please do not hesitate to get in touch.

### **ESPFA Buckinghamshire**

Ross Langworthy

[www.espfa.co.uk](http://www.espfa.co.uk)

6:30pm to 8pm at Chiltern Hill Academy Sports Hall. Ages: 6 +

This is a Self Defence Martial Art

Who is Pro Mai for?

In a word – anyone! There is no minimum fitness level to start training. At Bucks Pro Mai, our aim is to help you develop at your own pace. We will assist you in setting and achieving realistic but challenging goals for yourself. We have students of all ages and approximately 40% of our students are female. Great for self confidence and fitness.

Adam Robertson

Chief Instructor of Chesham School

## **Tuffney Performing Arts**
