Other staff (if applicable)	

This policy is reviewed and updated annually to ensure that a lockdown during the conducting of examinations at Chiltern Hills Academy is managed in accordance with current requirements and regulations.

In addition to this policy, a summary is provided to all centre staff of the information relating to a lockdown during the examination period using the framework of the Department for Education's [Lockdown Template](#).

Staff engaged directly with the conducting of examinations (e.g. exams officer, exams officer assistant, invigilators, facilitators of access arrangements, etc.) are instructed to refer to the full policy.

## Definitions

For the purpose of this policy, the following definitions should be noted:

### Lockdown

This is a protective measure implemented when there is a credible threat to the safety of candidates/students and staff. During a lockdown, individuals are instructed to remain inside the building and seek shelter in a secure location, away from the source of danger.

The purpose of a lockdown is to minimise exposure to potential harm and ensure the safety and wellbeing of everyone on site until the threat has been resolved or emergency services arrive.

Lockdown procedures may be activated in situations including:

- The presence of an unauthorised or suspicious individual on the grounds or within the building
- A violent, aggressive, or abusive parent/carer causing disruption
- A specific threat made against the centre or its occupants

All staff must be familiar with the centre's lockdown protocol and ensure candidates/students are guided calmly and efficiently to designated safe areas.

Communication with emergency services and internal coordination will be managed by the head of centre or designated safeguarding lead.

### Invacuation

This is a safety measure used when there is a potential external threat in the surrounding area. While lockdowns are activated in response to immediate risks within or directly threatening the premises, invacuations are employed when it is safer for candidates/students, staff, and visitors to remain inside the building due to hazards outside.

Invacuation procedures are designed to ensure that all individuals are brought indoors promptly and remain inside until the external threat has passed or further guidance is provided by emergency services.

An invacuation may be applicable to exam candidates if they have left the exam room in the event of an emergency evacuation (for example, due to a fire alarm).

Examples of situations requiring invacuation include:

- The presence of loose or potentially dangerous animals on the grounds
- Environmental hazards such as gas leaks, smoke, or chemical pollution in the vicinity
- Nearby incidents (e.g. police activity or civil disturbance) that may pose a risk if individuals exit the building

Staff are expected to follow the invacuation protocol calmly and efficiently, ensuring that all candidates/students are accounted for and safely indoors. The head of centre or designated safeguarding lead will oversee communication and coordination during such events.

## Purpose of the policy

This policy details the measures taken at Chiltern Hills Academy in the event of a centre lockdown during the conducting of examinations.

Lockdown procedures have been determined by consulting [ProtectUK](#), the Department for Education's guidance relating to [School and college security](#) and [Martyn's Law](#).

Depending on the nature of the incident, a decision will be made to evacuate, invacuate (an inward evacuation) or use a protected space(s). However, this policy focuses specifically upon the actions, roles and responsibilities during an exams-related lockdown.

## The Terrorism (Protection of Premises) Act 2025

Although Chiltern Hills Academy is not classified as a high-risk venue under current legislation, we are committed to embedding the principles of Martyn's Law into our safeguarding and emergency preparedness framework. These include:

- **Risk awareness:** Staff being equipped to identify potential threats and recognise suspicious behaviour or activity that may pose a risk to students, staff and visitors
- **Emergency planning:** Maintaining clear, comprehensive, and regularly reviewed procedures to respond effectively to a range of emergency scenarios
- **Rapid response capability:** Training staff to act swiftly and appropriately in the event of an emergency to ensure the safety and protection of students, colleagues, and visitors

These principles underpin our broader approach to security and safeguarding, and will be reflected in staff training, policy reviews, and incident management protocols.

## Compliance

To ensure that all staff at Chiltern Hills Academy are meeting the requirements of the Terrorism (Protection of Premises) Act 2025, the following procedures are in place:

### **Evacuation** (Getting people out of the building)

An evacuation of the exam room will be initiated when it is deemed safer for candidates and staff to leave the room and the building due to an internal threat such as fire, gas leak, structural damage, or other emergencies. This procedure ensures a swift, orderly, and safe exit to designated assembly points.

Step-by-step procedure:

#### 1. Activation of alarm

- The fire alarm or emergency alert system will be triggered manually or automatically.
- Invigilators will immediately begin evacuation procedures without waiting for further instruction unless advised otherwise

#### 2. Immediate response

- Candidates will be instructed to stop their examination and prepare to leave the exam room in line with the invigilator's instructions
- Invigilators will lead candidates out of the building via the nearest safe exit, avoiding lifts and blocked routes

#### 3. Use of evacuation routes

- Pre-assigned evacuation routes and exits will be followed
- Invigilators will check the exam room (and any candidates who may have temporarily left the exam room) to ensure that no one is left behind

#### 4. Assembly at designated point

- Invigilators will take candidates to the designated assembly point(s) outside the building
- Registers will be taken promptly to account for all candidates and invigilators
- Any missing candidates will be reported immediately to the senior leadership team or emergency services

## 5. Communication and co-ordination

- The head of centre or designated safeguarding lead will liaise with emergency services and provides updates
- Invigilators will supervise candidates and maintain calm until further instructions are given

## 6. Re-entry or dismissal

- No one will be permitted to re-enter the building until it has been declared safe by emergency personnel

### **Invacuation** (Moving people to a safe place)

If candidates have been outside of the exam room, for example, for an emergency evacuation, or on a supervised rest break, they will be brought back into the exam room promptly and remain inside until the situation is resolved. The procedure will include:

#### 1. Initial Alert

- The head of centre or designated safeguarding lead will assess the situation and initiate the invacuation protocol
- A clear announcement will be made via the centre's communication system (e.g. tannoy, radios, or internal messaging)

#### 2. Movement Indoors

- All outdoor activities (for example, an emergency evacuation or supervised rest break) being undertaken by candidates sitting an examination will be halted immediately
- Candidates will be escorted indoors quickly and calmly, using the nearest safe entry point

#### 3. Securing the Building

- External doors and windows will be closed and secured
- Access points will be monitored to prevent entry or exit until the all-clear is given

#### 4. Internal Safety Measures

- Candidates and staff (invigilators) will remain in the exam room or designated safe area(s)
- Movement within the building will be restricted unless necessary
- Invigilators will take registers to account for all candidates and report any discrepancies to the exams office/officer (unless instructed otherwise)

#### 5. Communication

- The head of centre or designated safeguarding lead will maintain contact with emergency services and monitor updates
- Parents/carers will be informed if appropriate, depending on the nature and duration of the incident

#### 6. All-Clear and Debrief

- Once the threat has passed, an all-clear message will be issued
- Candidates will resume their examination

- The incident will be reported to the relevant awarding body/bodies, and a short debrief may be conducted to review the response and identify any improvements

## **Lockdown procedure**

Where a lockdown is required, the following procedures will be followed at Chiltern Hills Academy:

### **Before an examination**

As candidates are entering/waiting to enter the examination room:

- where safe/possible, not leave the examination question papers unattended/out of sight

A senior leader/authorised person will be present around the examination room area(s) and where safe/possible, communicate the situation to the exams office/officer (via mobile phone/walkie talkie on silent and non-vibrate mode).

The exams office/officer will collate the information from all examination rooms and forward this to the head of centre immediately.
