

HISTORY

It would be beneficial if you read around and watched documentaries on the following topics. Reading is key to success at A level.

Henry VII

- The Battle of Bosworth
- Henry's consolidation of power
- Henry's Financial Policies
- Henry's Foreign Policies

Henry VIII

- The Break with Rome
- Henry's Financial Policies
- Henry's religious Policies
- The relationship between Henry and Thomas Wolsey and Henry and Thomas Cromwell
- Henry's wives

These are very popular topics and you will be able to access information about them from libraries and online. I recommend David Starkey's documentaries on The Tudors and Lucy Worsley's documentaries on The Tudors. There is a documentary available on BBC iPlayer which is good, *Henry VII - The Winter King* with Thomas Penn and there are a number of radio programmes on the subject of The Tudors.
