

PHYSICS

To help you prepare to study A level Physics here are some tasks that you need to complete in order to help you progress from GCSE to A level study:

Read blogs like:

<https://www.thestudentroom.co.uk/a-level/advice/the-10-most-important-pieces-of-advice-for-anyone-starting-a-levels>

<https://www.ucas.com/connect/blogs/how-do-well-your-levels>

Go over the information in this link:

<https://www.bbc.co.uk/bitesize/examspecs/zsc9rdm>

This is especially important if you have not studied Triple Science Physics.

Complete as many past exam papers for Physics (Higher and Foundation),

https://www.aqa.org.uk/subjects/science/gcse/physics-8463/assessment-resources?sort=title&num_ranks=20&start_rank=41

As well as:

<https://filestore.aqa.org.uk/resources/science/AQA-GCSE-SCIENCE-SQ.PDF>

Keep as much evidence of what you completed as possible, as we do not have your GCSE grades to rely on.

Physics A level is hard, but not impossible. If you work steadily you will do very well, like other students before you.

Complete the tasks on in this booklet and we will get it printed to be used as evidence when you start back at school.
