

ENTERPRISE LEVEL 2

Entrepreneurs - what can we learn from their success?

Research and create a PowerPoint presentation on a local entrepreneur.

Try to show which skills and qualities the local entrepreneurs have put to use.

What do we mean by local? Someone whose business exists within ten miles of the school.

Every entrepreneur has a story. You will be working on this story, so make sure it's one you find interesting.

Research task question ideas:

It doesn't matter too much whether your presentation is 4 or 10 slides long

Here are some questions it would be a good idea to answer in your presentation:

1. What is the background of your entrepreneur, how did they come to start up their business?
2. What challenges have they faced along the way? How did they overcome these?
3. What successes have they enjoyed and what are they most proud of?
4. What can we learn from this person's story, as some of us hope to be entrepreneurs ourselves?
