

Sixth Form Wireless and Mobile Technology Agreement

As a member of the Sixth Form students are allowed access to the Academy's Wi-Fi systems. A CHA Sixth Form wireless SSID has been created which will allow controlled access to the internet. This will entitle students to use their own personal devices to further enhance learning whilst at the Academy. The following is a list of guidelines and rules that each student has to agree to before being allowed access to the wireless system:

- Access to the Sixth Form wireless is granted via Radius Authentication. This means that the student will need to type in their Chiltern Hills Academy login details. For security purposes, these details must not be given out to other students.
- The student is fully responsible, at all times, for the personally owned device brought to school. The Academy is not liable for any loss, damage or theft of a personally owned device. The Academy is not liable for any loss of electronic data.
- Devices brought into the Academy and connected to the wireless must have valid anti-virus software installed and this must be up to date. Any devices found not to will be disconnected.
- The Sixth Form wireless has been created to help students with their studies and learning.
- Devices will be filtered using the Academy's internet filtering system. All access through the wireless network may be monitored and/or recorded for the purposes of network security and student safety.
- Personal devices should be charged and recharged outside of school, unless specific permission is granted. Personal devices should be capable of lasting a full day without recharging.
- No device, personal or otherwise, may be used to record, store or transmit any type of image, sound, or video from the Academy, except for approved projects with the express permission of the teacher.

Access to the wireless system is a privilege and not a right. Any student found not complying with the above rules and guidelines will be reported to the Director of Sixth Form and have their access revoked.

I have reviewed the above agreement. I understand that any violation of the agreement may result in revocation of technology privileges and possible further disciplinary action.
